BYDGOSZCZ LOCAL FOOD TOUR

Bydgoszcz Local Food Tour with Farmers Market

This walk is not about typical highlights. We want you to feel like local, that's why we want you to discover flavors of Bydgoszcz.

The best option to understand „the way to polish heart is through stomach” is to try polish and regional specialities. We will start with visit on local farmers market „Frymark”. This weekly event gather more than 40 small regional food producers and craftsmen.

Few tasting plates with cheeses, bread, meat, sweets, spreads and drinks would encourage us to walk around downtown area with locally roasted coffee in a hand.

On further way we will visit top spots :

ice creams with top secret recipes

traditional pierogi

local brewery

You will get more than 10 things to try, so please be hungry.
Also be sure that you wouldn't be able to eat lunch after this tour :)

Experience with us local food, tradition, people and history!
