THE BEST OF THE BEST IN BYDGOSZCZ

Brda river always played important role in the city development. All the businesses were located close to the water. The best cafes and restaurants were next to river so you can feel the atmosphere of the city taking the cruise by water tram.

Brewing traditions in Bydgoszcz date as far back as the Middle Ages, most of the beer at this time was produced (and consumed) by monks. Barrels of beer were often given to hospitals as charitable donations but were also used as means of payment at the time. Bydgoszcz beer was said to be so tasty that it had no competition in the immediate area.

So, would you take a beer walk with us?
